

Saved Her Life.

Mrs. G. J. Woodburner, of Weymouth, Texas, saved the life of her child, who was affected by our physician, and was taken to the hospital. On the night I was startled by the child's hard breathing, and on going to it found it strangled. I immediately applied resuscitation, and became positive in spite of the confusion, that the child's alarming condition was of no want. Having part of a Dr. Ayer's Cherry Pectoral in the house, I gave the drops, without intervals, and suddenly waited results. The child's breathing grew easier, and, in a short time, she was restored to health. The doctor said the child is alive and well today, and I do not hesitate to say that Ayer's Cherry Pectoral saved her life."
